Soul Vision: A modern mystic looks at life through the eyes of the soul Bill Bauman
SOUL VISION reveals a radical exposé of Life: its exquisite nature, its intriguing purposes and its unbounded possibilities. Viewing human experience through the eyes of the soul, author Bill Bauman offers a profound wisdom steeped in ancient spiritual and philosophical traditions, grounded in modern physics, and capped with his own original soulful vision. In SOUL VISION the reader will discover a remarkably vast picture of the many dimensions in which we live, including the nature of creation and how to participate powerfully in its daily miracles. This book speaks to those seeking a deep inner peace, a more expansive identity and an all-encompassing vision of life. It offers clear guidance to people who long to embrace a state of oneness, experience the universe's unending possibilities, and rest intimately in the all-ness of life. And for those of us who feel stuck in a self that is too limited or live in a world that is too small, the author shares a perspective that allows us to step fully into the real, unlimited selves we were created to be. Bill Bauman leads the reader through four unique dimensions of life: essence, light, energy and consciousness. He then outlines ways in which each person can live in all of these arenas simultaneously and experience creation from every angle. SOUL VISION presents a spiritually inspiring, profoundly visionary and deeply transformational message in the hopes that its soul-rich vision will spark and support the reader's personal calling to the fullness he or she deserves.
