Himmler's Crusade: The Nazi Expedition to Find the Origins of the Aryan Race Christopher Hale
The compelling story of a trek across an exotic land–and the sinister consequences

It was an SS mission led by two complex individuals–one who was using the Nazis to pursue his own ends, and one so committed to Nazism that afterward he conducted racial experiments using the skulls of prisoners at Auschwitz. *Himmler's Crusade* relates the 1938 Nazi expedition through British India to the sacred mountains of Tibet in search of the remnants of the Aryan people, the lost master race. Based on a wide range of previously unused sources, this intriguing book reveals the mission–a pet project of Reichsfuhrer Heinrich Himmler—to be the result of both a bizarre historical fantasy and a strategy to provoke insurgency in British India. Providing rare glimpses into Himmler's SS stronghold, this riveting tale sheds new light on the occult component of the racial theories that obsessed Himmler and his fellow Nazis.
