Sub Rosa America, Book V: From Trinity to Trinity Elana Freeland
Told from the perspective of 2019, when all the Earth is convulsing and the United States of America is collapsing due either to Nature taking back her own, or to a HAARP-driven error, or to a purposeful Tesla sabotage to force a new beginning, Sub Rosa America is the occult history of the United States since November 22, 1963, a history we all could have read years ago as the Mayan chronicler wrote it if we'd been on Route 66 cruising through a quantum Time field, en route to where President John F. Kennedy was shot down like a dog . . . Book V, "From Trinity to Trinity"—the final push through Time to Dallas—begins with "Conspiracy Theory Opera #3" playing to an audience of dead and dreaming scientists in Oscuro and continues to Trinity Site and Ground Zero where a UFO hovers and observes the pilgrims. Once they cross from New Mexico into Texas, chaos ensues and the magical mystery tour is tractor-beamed into the Lone Pentacle state and Bloody Elm Street where the Killing of the King is still tape-looping. Only the Mayan Timekeeper can barely hold the balance by which an alternate future might be levered.
