We all have heard time and time again of the changes a woman goes through when she is pregnant. But what about the man? Doesn't his life change too?

Pregmancy is an honest and humorous memoir looking at the changes author Christian Piatt goes through with his family after the announcement of the unplanned pregnancy of his second child. Containing stories and unscripted (and surprising) quotes from his young son as they await the birth of his baby sister, *Pregmancy* will take you on the wild ride of parenthood and show that it is not always easier the second time around.
