THE LOST CONTINENT OF MU. The Motherland of Man. Col. James Churchward
Mu, the Motherland, a lost culture which was the center of civilization some 25,000 years ago. A vanished continent which sent Colonel James Churchward on a lifetime's search, from the vaults of an Indian temple to Australia, from Siberia to the South Seas. In 1868, while serving with the British Army in India, Churchward became close friends with a high temple priest who taught him how to decipher numerous stone tablets which had lain hidden for centuries in the temple vaults. They told of a vast civilization which had emerged, flourished and decayed long before our own; the Continent of Mu. This is Churchward's story of how he followed the trail of Mu to the ends of the earth and pieced together the picture of a civilization, guided by religious principles, whose influence is still felt throughout the world - though now lost in the mists of time... Mu, the Motherland
