"It's All About the Music!"

Welcome to another in the Legends of Rock & Roll series.

This is, like the others, a mini-biography of one the greatest performers in the music world. This time, I highlight a British performer who was 1/4 of the great group, The Beatles, John Lennon.

However, this book is not about the Beatles.

While I know that you can't write about John Lennon without considering the Beatles, the emphasis of this book is not the Beatles, but instead, the life and music of John Lennon.

In this particular volume, I will discuss John's early life and his joining up with three other lads to create what is probably the greatest rock and roll group in the history of the world.

But it all ended at one point and John had a solo career which came to a tragic end in 1980.

Come with me for a walk down memory lane as I review the life of John Lennon, and especially, the music that he produced. We'll visit each of his hits and find out how they came to be written or how they were recorded; and discuss any trivia that might be associated with the music. This book is about the man but even more importantly, it's about the music. This series is my way of honoring the people that have brought so much joy to our lives over the years.

It is an unauthorized fan tribute.

The Chapters include:

Introduction - A general introduction and a kick-off for the book.
Growing Up - A brief summary of his life before the music started.
The School Years - Attending school and going to college where he met his first wife.
