A treasure trove of millionaires, billionaires and well-connected individuals lies on the internet at the fingertips and just a mouse click away. However, nobody knows quite what to do once they find the treasure. In his latest book, Connecting with the In Crowd, Wade explains how to find and connect with millionaires, and how to maximize the potential of these relationships. Wade had always planned to make his first million by the age of thirty, but after many trials and failures, he reached his goal a mere six years later than planned, with the successful launch of the sugar daddy dating website SeekingArrangement.com, followed by the millionaire matchmaking personals SeekingMillionaire.com, and most recently, the online dating marketplace WhatsYourPrice.com. Out of his experience as an online dating entrepreneur and a millionaire dating expert comes a book that is filled with valuanble advice on how to save time and heartache in reaching one’s goals through the world of millionaires, whether it be to marry wealth, find employment, fund a business, seek out a mentor, build a network, or simply to enjoy a lavish lifestyle. “While a lot of advice peddlers purport to teach us how to marry money, there’s more to life than just digging for gold. Materialistic or superficial motivations can only take you so far in the relationships you form with millionaires,” says Brandon Wade, who hold a BS and an MBA degree from MIT. “In Connecting with the In Crowd, I will show you how to network, hang out and play with millionaires online and offline. In doing so, you will build real friendships, partnerships and even romance.”
