Islam vs Israel (Ezekiel Watch Book 2) Chris Hambleton
It's been said that Israel is God's timepiece – and today that clock is ticking faster than ever before. As stability in the Middle East, Europe, and America continues to deteriorate, many people are increasingly fearful and are wondering what's going to happen next. This book examines the prophetic events of Psalm 83, Jeremiah 49, and the recent history of Israel and the Middle East.

Many of today's world events can be viewed as the maneuvering of game-pieces on a chessboard, with pawns on either side being conquered and removed, as the major players are moving into their final positions. And though there are wars and riots breaking out all over the world, the next major conflict in the Middle East appears poised to explode: the showdown between Islam and Israel.

With the rise of ISIS, the nuclear buildup of Iran, and the decades-long arms race in the Middle East, it's only a matter of time before the region erupts.
