My Manic Depression Playlist: The Forgotten Dream (The Forgotten Stories)

Antonio Xavier Milton

My Manic Depression Playlist: The Forgotten Dream (The Forgotten Stories) Antonio Xavier Milton Infinite playlist on repeat. For ever and ever. Tyler Kaleb (T.K.), is a depressed teenage music junkie. He's bipolar, and he uses music to help himself through his tough times. He's gone through lot's of things like losing his mother and father, has a brother being called into war by the military draft, and has relationships with girls that find him, not that he wants it. Watch his playlist get longer and longer as the story progresses and don't forget the message of those songs... They mean everything, or at least everything unimportant. T.K. is somewhat "addicted" to a few things or feelings... He's a strange and special character that can see things like no one else can. This is a prequel to my new series called. You can guess what it's going to be like then. The Death, suffering, and angst of this book and it's setting and characters really doesn't explain itself much. Picture this. A dream where there is no escape from. What if your life is the same?
