Teaching Children Science: Discovery Methods for the Elementary and Middle Grades (2nd Edition)
Joseph A. Abruscato
Intended for both pre-service and practicing teachers, Teaching Children Science provides elementary science methods, content, and activities using Abruscato's "discovery approach " and presents contemporary ideas in a motivating, engaging writing style that captivates future classroom teachers and enhances his/her instruction in the science classroom. These nine basic science teaching methods chapters cover strategies and techniques for teachers to incorporate cooperative learning, questioning and active listening in their classrooms.
