2AM is a New standalone book from Best Selling Author Avery Phillips.
No Cliffhangers

Sharon Woodall has everything going for her. She is the director of marketing for global beauty supply. She lives in a high rise apartment with a sweeping view of the city. She has the respect of her peers and the best friend anyone could ask for. But as life would have it with all the things she had right, the one thing going wrong was her love life. She was either too busy with work or much too picky with whom she met, in either case love never seemed to pan out for her.

At 2 in the morning, she was sipping wine on her balcony, after an office party she had to attend and a heated interaction with a coworker. When a light turned on in an old hotel window, that was currently being remodeled. No one is supposed be there at night, but there someone was, watching her. The tall shadowy figure has caught her attention, peaked curiosity like it hasn't been in years.

Why was she finding herself intrigued, she had to know. Why was being watched by him sparking her desires.
