# Lifespan: By Robert J Alderman

**Lifespan: By Robert J Alderman**
A past and a future does not exist, it is always NOW!
“The Magic of the Mind”
By Joe Alderman The year was 1959

We only exist through the magic of the mind
We know nothing of the Universe or the barriers of time.
We evolved from the ocean slime, now we’re reaching for the stars
But we are trapped on this planet Earth; light-years are our prison bars

Yesterday does not exist yet we touch it with our minds
Where are all the days of yesteryear? Are they lost somewhere in time?
Tomorrow is just another word; it is always today.
Memories may be immortal; do thoughts just fade way?

When we die and our minds are set free
Our souls will blend with eternity
We shall soar beyond, the barriers of time
Then we’ll understand the Universe, through
The magic of the mind.

The Lifespan: By Robert J Alderman will give you new experience in studying a book.

**Rena Campbell:**

As a college student exactly feel bored for you to reading. If their teacher expected them to go to the library or make summary for some e-book, they are complained. Just tiny students that has reading's heart and soul or real their interest. They just do what the instructor want, like asked to the library. They go to at this time there but nothing reading really. Any students feel that reading through is not important, boring along with can't see colorful photos on there. Yeah, it is being complicated. Book is very important for you. As we know that on this era, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. Therefore this Lifespan: By Robert J Alderman can make you experience more interested to read.
