Eylin is hiding in the underground city from the group of ancients who want her dead, but she’s not safe even there. On the other side of some massive tunnels, an unknown group is systematically removing magic from each underground city.

As pressure mounts, Eylin has big decisions to make, and each could have deadly consequences. After being personally attacked, she makes a bold decision, and goes after it with the hopes of saving those she loves.

She becomes deeply invested in an ancient culture. If she gets too close, she could put all of her loved ones at risk.
