**The Anthropology of Citizenship: A Reader** Sian Lazar

*The Anthropology of Citizenship* introduces the theoretical foundations of and cutting edge approaches to citizenship in the contemporary world, in local, national and global contexts. Key readings provide a cross-cultural perspective on citizenship practices, and an individual citizen's relationship with the state.

- Introduces a range of exciting and cutting edge approaches to citizenship in the contemporary world
- Provides key readings for students and researchers who wish to gain an understanding of citizenship practices, and an individual's relationship with the state in a global context
- Offers an anthropological perspective on citizenship, the self and political agency, with a focus on encounters between citizens and the state in education, law, development, and immigration policy
- Provides students with an understanding of the theoretical foundations of citizenship, as characterized by liberal and civic republican ideas of political belonging and exclusion
- Explores how citizenship is constructed at different scales and in different spaces
- Twenty-five key writings identify what is a new and vibrant subfield within politics and anthropological research
